Introduction

8th January 2010

1. L&M Carpentry is a carpentry and joinery sub contractor, working mainly in the construction industry.
2. We recognise that our activities have an impact on the environment and we are committed to minimise that impact through seeking to continually improve our environmental performance.

Environmental Policy

3. The company will put its environmental policy into practise by pursuing the following objectives.

We will;

- Meet all legislation, regulations, government guidance and industry codes of practise on environmental issues.
- Ensure all staff and sub-contractors have a good understanding of the environmental impacts of our business and what they are expected to do to minimise these impacts.
- Make efficient use of natural resources by minimising waste, recycling office paper and other materials and conserving energy and water.
- Use and maintain modern and efficient modes of transport which have a reduced impact on the environment.
- Keep sites clean and tidy to ensure minimum disturbance and disruption to clients and there neighbours.
- Ensure that our suppliers and sub-contractors are aware of this policy and encourage them to apply similar standards to their own work.

Environmental Targets for 2010

4. during the coming year we have set ourselves the following targets.
 - investigate the use of energy efficient lighting on site
 - organise training sessions for all members of staff.
 - To investigate the recycling of all office paper.
 - Reconsider the replacement of transport at intervals which achieves minimum impact on the environment
